

STANDARD OPERATING PROCEDURE DOCUMENT (SOP)

Title		Emergency Evacuation Procedure Wavertree HQ	Doc. No.			
Scope		All Personnel Based at Wavertree Headquarters	HS 001			
PurposeTo describe the emergency evacuation procedure and the response of staff within Primary Care 24 Wavertree site						
Guidelines		To ensure that Primary Care 24 meets its statutory obligations with the Following Legislation:• Health and Safety at Work Act 1974 • Management of Health and Safety at Work Regulations 1999 • Fire Precautions (Workplace) Regulations 1999 				
PRO	CEDURE		RESPONSIBILI	ΤY		
1	How will people be warned if there is a fire?Whenever a heat/smoke or manual call point alarm is activated an alarm will sound.When there are signs of a fire, a call should be made to 999 informing them that there is a potential fire.The fire service do not automatically respond to the alarm and will only attend site if					
	signs of fire are confirmed by a call.					
2		ing the building				
	• Fii • Fii	 Fire Marshals will assist in the evacuation. Fire Marshals will wear a hi-vis jacket Fire Marshals will sweep their area and ensure it is clear of all staff and visitors.

	E 250 E	
	 Fire Marshals report to the H&S Officer or most senior member of staff present when sweep completed 	Shift Manager
	 A Fire Marshal leaving the main exit door will collect the visitors signing in book. Shift Manager on duty will grab the emergency laptop (continuity tracker), shift manager mobile phone, contingency mobile phones and emergency grab bag 	Fire Marshal
	 The H&S Officer or most senior member of staff present will confirm: All persons are accounted for Whether there are any signs of fire or smoke 	H&S Office / Most Senior Staff on duty
	 All areas have been swept Collate the information from the fire marshals to determine if a fire has been found/detected Identify whether any calls have been made to 999 to request the Fire Service attend. 	
	When there is a fire and a call has been made to the Fire Service, everyone, must wait at the assembly point for further instructions from the Fire Service when they arrive	All staff and visitors
	When it has been determined that it is a false alarm by the H&S Officer or most senior person present from the information gathered from the fire marshals, the H&S Officer or most senior person present will declare a false alarm and instruct everyone to return inside the building.	H&S Officer / Most Senior Staff on duty
	Once the all-clear has been declared, the Emergency laptop and grab bag is to be returned to its usual location by the Shift Manager	Shift Manager
	In the absence of the H&S Officer, the most senior staff on duty will record the incident on Datix as an unplanned fire evacuation.	H&S Officer / Most Senior Staff on duty
	The H&S Officer will hold a debrief session / or request feedback with the Fire Marshals as soon as possible after the event to learn lessons from any deficiencies within the fire evacuation procedure.	H&S Officer
3	Discovering a fire The action to be taken if you discover a fire and for contacting the Fire & Rescue Service	All

	Pri	maryCare:24
	 Raise the alarm by activating the nearest manual fire alarm call point (situated at each emergency evacuation door) Ensure, where possible and only if safe to do so, that all windows and doors in the building are closed. Do not put yourself at risk and do not go back into the building. Never try to fight the fire without raising the alarm first If you are competent, tackle the fire using the appropriate fire extinguisher – Do not put yourself at risk Never try to fight a fire on your own or without having a clear and accessible exit point Evacuate through the nearest fire exit Proceed to the assembly point and report to the person in charge: 1 The whereabouts of the fire 2 The size of the fire and what is burning (if known) 3 Doors/windows closed 4 Any other relevant information 	
4	 The action to be taken if your hear the fire alarm Immediately leave the building via the nearest available exit Do not put yourself at risk and don't go back into the building Do not run Go to your fire assembly point (be aware that this is approximately 200 yards from any of the exit doors) Do not re-enter the building until you are told it is safe to do so by the H&S Office, the most senior staff member on duty or Fire & Rescue Service 	All
5	 Arrangements for the safe evacuation of people identified as being especially at risk All persons must be able to be evacuated without the assistance of the Fire & Rescue Service. Each Manager is responsible for preparing a Personal Emergency Evacuation Plan (PEEP) with any of their staff who have a disability (including, sight, hearing and mobility disabilities). The outcome should be agreed and documented by both parties. The PEEP must be regularly at regular intervals, particularly in light of any changes to the staff or the building. 	Manager

	Pri	maryCare:24			
	When the fire alarm is sounding, all doors, which normally are locked and need fob access or green push button, will automatically be released				
	Staff with a disability must have a PEEP. The existence of any PEEP must be notified to the designated Fire Marshal / or staff member in charge of the evacuation	Manager/staff			
	Identification of escape routes				
6	All emergency escape routes are clearly marked with appropriate signage.				
	Arrangements for fighting the fire				
7	There are firefighting equipment is situated by all emergency exit doors, kitchen/dining area and in the main office area.				
	All fire marshals have been provided with information on how to use fire extinguishers.				
	Never try to fight a fire without first raising the alarm. If you feel confident, tackle the fire using the correct type of fire extinguisher for the burning material. Do not put yourself at risk, never try fight the fire if you are on your own in an area and always keep yourself between the fire and an accessible exit point.	All			
	Contingency Plans				
8	Contingency Plans If life safety systems are out of order, e.g. fire-detection and alarm systems etc. inform the Office Manager immediately who will contact the Landlord to have the issue rectified as soon as possible. If the landlord cannot respond in a timely manner, (2 hours), PC24 will provide a suitable alternative solution.				
	Meeting the Fire & Rescue Service				
9	The H&S Officer and /or the most senior person on duty will meet the Fire & Rescue Service at the assembly point and notify them of the location of any persons still in the building, any signs of fire/smoke and any special risks e.g. oxygen cylinders which will be highlighted on the floor plan in the emergency bag.	H&S Officer / Most senior staff on duty			
	Emergency Grab Bag Contents				
10	 Emergency Folder (Contains relevant contact numbers) All spare car keys for Med cars Decision log book 				
	Winter Contingency Plan				

•	Consultation log books
•	Floor Map of emergency exits and oxygen storage
